Intern Experience

Bank of East Asia
User Experience Designer Intern   2020. 09 - Now

Work as a UX design intern, and my main task is : basing on the needs given by product manager, did a table research and user research via questionaires and interviews to find out what are users' pain points and needs. Then design a reasonable design solution. After that, communicate and discuss with staff from other departments about detail and push the project to be refined.

China Information & Communication Research Institute
UX/ UI Intern   2020. 07 - 2017. 09

Work as a UI/UX design intern. During my internship, I took the responsibility of the iteration of Chongqing industrial internet public platform, and my work includes but not limited to: 1. user interface design; 2. interaction and user flow design; 3. Revise original product requirement documents to make it more readable.

Chongqing Design Institute of China Coal Technology
Architectural Intern   2017. 01 - 2017. 03

Work as an architect intern, and my main task is to assist professional architect with their design works, including architectural drawing(plan, section, elevation), model builidng and redenring etc.

Volunteer Experience

Volunteering in a study camp as a volunteer teacher in Lviv, Ukraine   2016. 06- 2016. 08
